Softball and Volleyball -not here, as long as they do not make cuts and Tots there is no fee structure. If the sports decide to have tryouts and make cuts that will change for them.

Beth requested to be a part of the work force group to know information in advance and to be part of the discussion.

Rec will continue with their schedule and get requests in. Civic Rec has been a challenge, we are lucky to have Paul.

Katie Rogers- Adults will occur a fee but not until 1/1?

Beth- correct, we will know by June what the fee will be

K.R- to get permits approved could be nudged out by another council for other adults?

Beth- In House , Other council adults and clubs. We would need a really good reason to deny a kid program for an adult program. Fees could go up but should not be a lot.

Pd coaches and pd teachers as independent contractors, Beth and Mike will meet and help if needed

Rec will need to purchase additional liability insurance in may cost \$200/year and will also look into having incidental ins for volunteers.

Around the Room-

Jackie- Basketball is finishing fall season and spring registration will close this weekend, enrollment is up.

Janet- Volleyball make up sessions for weather and missed games/practices are being set up. Trying to cram in extra to accommodate the wait list. Parents and kids love leadership and are happy. She is amazing.

Ray Tegeler- garden has been tilled, plots have been marked, ready for planting. 21 on the wait list for plots, spots will be up for grabs if they do not register by a date to be set. Have new hoses and new ideas for watering, waiting on Paul to give a date that the water will be turned on. He is headed to Florida. A deer fence would be a nice addition.

Paul: Water should be turned on the beginning of April but a list will be out on Friday.

Joann- Doing fine, gearing up for a leprechaun hunt, dying easter eggs. Are considering a field trip to the fire museum. Have some facility problems for Paul, will send an email.

Rajiv- tennis is in a slow season, high school kids have their season they are running at 50% capacity which is good for the kids who come because they are getting more attention at practice. Have kids for try outs. Bought a box to have at NERK, and bought a new ball machine. Will break the news to the coach about being an independent contractor, good till June 30th.

Mike & Beth are finalizing the contracts and will have the new contacts from the rec with w9's, Fringe will be less, more money for programs.
